To do this we use the search box at the top left of the screen which looks like this:

Q5

Type **Carisbrooke Castle** into the search box and press 'enter'.

Can you make out Carisbrooke Castle on the map?

Click on each of the 3 pins at the Castle until you find the object made of gold silk

What is it?

What was it used for?

Write down the first letter of its name from (What am I?) here:

When you have finished answering this question:

- Click anywhere on the map to close the pop-up window.
- Now click on the 'Home' button top left (it looks like a house!) to zoom out.
- Finally, click on the 'X' in the search box to clear your last search.

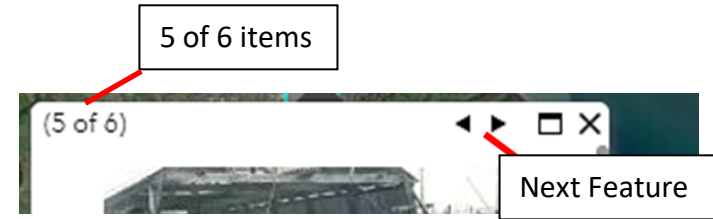

Q6

Click on the pin and investigate both artefacts (use the arrow at the top of the pop-up window to move between the two).

Don't forget to scroll down to the bottom of the item's pop-up window and open the larger Attachment picture(s)

What familiar building on the Island today includes the building that was the House of Industry?

What is the building?

Which of the two artefacts you looked at above was a gift?

What is it?

How old is it?

Who made it?

And what was it used for?

Write down the fourth letter of this artefact's name here:

Now close the pop-up window, click the home button and clear the search box as before.

Q7

Type **East Cowes** into the search box and press 'enter'.

Click on the pin in the blue box and investigate the three artefacts you find there.

Use the arrow(s) at the top of the pop-up window to move between them.

Find the object that is made of hazel wood.

What is it?

Who used it?

And what was it used for?

Write down the second letter of the object's name here:

You now have three letters. If you put them together in the right order, they will spell a word we use today which has its origins in the early C18th.

What is that word?

Ask your teacher more about it.
